Attendance

Approval of November, 2023 Minutes

Old Business

Some final adjustments, small enough to be immaterial I hope, to the amount we granted our successful grantees and why I made them.

Resolved: I will get someone on the committee to check my work starting next year!

New Business

1. Richard Morse of the Parks and Recreation Committee says the big gray door under the pavilion in the new rail trail park is available for a mural and wants to know if we could help make this happen.
2. Pat suggests that I publicize the events we fund in/on the Holliston Reporter.
3. Other new business if anyone has any.
